

Recommendation Letter

To whom it may concern,

I am pleased to recommend Peter Maged, who completed the FlyRank AI Internship Program from July 1, 2026 to September 22, 2026 in the role of Machine Learning Engineering Intern.

During the program, Peter completed 25 practical assignments applying curriculum in Data wrangling, Embeddings and clustering, Intent and opportunity modeling, and Insight to action.

The program record documents at least 169 hours across practical assignments, accepted capstone work, and verified Anthropic Academy courses.

As the culminating project, Peter completed "Image Relevance & Auto-Tagging," which was reviewed and accepted by the lead track mentor.

Participation also included 20 verified Anthropic Academy courses.

Based on this verified completion record, I recommend Peter for opportunities aligned with machine learning engineering and applied AI roles.

The approved internship specialization was Machine Learning; the independently qualified completed tracks were AI Fluency, Backend AI Engineering, Machine Learning.
